

File Instructions:

- Include composer (or traditional), type of tune, key and tempo in the actual score.
- Export your files as .mxl (not .xml).
- Upload files at: <http://67.207.75.219:8080/upload>

Upload Instructions:

You will need to fill in the following information:

- **Title:** Name of the tune.
- **Composer:** Fill in "traditional" if the tune is trad.
- **Song Type:** Polska, Reel, Waltz etc.
- **Song Key:** D, A, Cm, F#m (if you want to specify e.g. "lydian", do so in "Tags").
- **Location:** City or other location from where the tune is known (optional).
- **Region:** State or province, e.g. "Uusimaa", "Dalarna" or "Alabama" (optional).
- **Country:** Country of origin.
- **Collections:** For example, "Vanhoja Pelimannisävelmiä" or "Svenska Låtar". This includes any collections or books that the tune is part of. Multiple collections must be separated by commas.
- **Tags:** Nicknames or other information about a tune or its origin. Multiple tags must be separated by commas.

Other:

- Input should be in English only, except title, location and region. Only English country names.
- Only one value per input field (except Collections and Tags).
- Uploaded files should be .mxl (not .xml) format only. Exporting MXL can usually be found at the same place as XML in most music software.
- Title, Composer, Song Type, Location, Region & Country can be max 50 characters long (including whitespace).
- The name of the file does not matter, the title you specify will be visible on the website.
